REPORT ON CURRENT STATUS OF FOUNTAIN ON "COMMON"

The custodians of the Bethel Common Fountain Committee wish to report on the current status of the foundation.

The last public statement in early June reported that the Fountain Committee were allowing other contractors to make bids on the fountain project. Mr. Fournier from Mechanic Falls had submitted a bid, but on June 13 he withdrew his bid.

A local stone mason, Al Saunders of Saunders & Sons Masonry indicated his desire to present a bid and the committee agreed to have him submit plan and costs.

On Aug. 8 he contacted the chairman, Norma Jodrey, and asked to meet with her and the committee. Those present from the committee were Dale Thurston and Fred Burk, along with Arlan Jodrey and Al Saunders, the electrician, Maynard Cushman of Bryant Pond and a plumber from Turner. They submitted their plans and the committee gave "Al" the O.K. to present a legal contract. This was finalized on Aug. 15 and signed by the chairman. The one contract covered the work of all three contractors.

Donations have been coming in and those contributing directly to the fund since early June are Sunset Rebekah Lodge; Marjorie Freeman Menzies and family—Judith F. Costa, Mark Freeman, Jerry Freeman, Lorenda F. Kingsbury and Cynthia F. Tibbets; The Bethel Chamber of Commerce;

FROM THE bethel town office.

Paula Wight, having received an appointment at the prestigious Maine Law Library, departed yesterday (Sept. 5) from the Town Office to take up her new duties. Paula has served the public capably and conscientiously for the past six years as a member of the Town Office staff, assisting various boards and committees as well. Since last summer, she has been a special assistant to the Planning Board. Her expertise and drive will be greatly missed.

Meanwhile, the search for a secretary to serve the Town Office staff has opened (see advertisement in this edition). The position will entail 80-92 hours per week and, by a recent ruling of the State Board, is eligible for Maine State Retirement System benefits. Individuals with secretarial skills and a strong ability to deal pleasantly with the public, over the counter and on the telephone, should consider applying at the Town Office.

The Board of Selectmen met Tuesday evening (Sept. 4) in the Town Office Meeting Room in the first meeting of the fall schedule. Starting on Monday, Sept. 10, Board meetings will occur on the first and third Mondays of the month.

Action taken by the Board included approval of a grant agreement with the Federal Aviation Administration for an Airport Environmental Impact Study. Also discussed was a proposal to deal with the high traffic volume on and the high cost of repair to Cross Street.

M.S.A.D. 44 BOARD TO MEET

A regular meeting of the S.A.D. 44 Board of Directors will be held at 7:30 next Monday evening, Sept. 10, at the Crescent Park School.

NEWVY VOTERS ACCEPT R. C. FOSTER SCHOOL AT TUESDAY MEETING

The former Raymond C. Foster School building will be converted to town offices and meeting space as a result of action taken at a special town meeting in Newry on Tuesday evening.

About 20 citizens voted unanimously to accept the building from S.A.D. 44 which had not utilized it for several years. The Northern Oxford Vocational Area has, and will continue to, leased a portion of the one-story structure.

Selectmen explained to voters why they needed the space and the repairs to be done. They were then authorized to take \$10,000 from unappropriated surplus to reroof the building and another \$2,000 for furniture and fixtures.

According to Selectman Roger Hanscom, the building needs a new roof right now. The Newry Board of Selectmen will meet Friday morning to set down specifications in preparation to soliciting bids.

Built in 1964, the building was turned over to S.A.D. 44 in 1965 when Newry joined the district. The structure is approximately 48, by 56 feet with a full cellar with dirt floor. Mr. Hanscom said the basement was erected as a bomb shelter with a six inch cement ceiling in hopes of getting federal aid.

District 44 offered the five acre parcel and building back to Newry because it was no longer being utilized for classroom space.

Greenwood City

— Mrs. Cella Morgan, Corres. —

At this time of year I wander back down a dusty road of years gone by, and visit the two one-room schools I knew. The first, where I attended school and the second where I taught. These old rural school houses dotted hills and valleys in sections now taken over by the wilderness. But the two which I attended have been turned into homes.

Unforgettable, too, was the long walk I took during some of the years. The winter darkness fell before home was reached, I walked through winter rain and snow or over miles of muddy roads. I could write much about my many experiences. But I think most about those boys and girls who shared those days with me.

During those days and over all the years the months brought changes. March brought snow, spring, red-winged black birds calling along the ponds and brooks.

April always meant brown fields, Easter vacation, willows by the rivers. May beautiful May, all flowers, first violets then apple blossoms sprinkling the orchards, thrushes singing at dusk. May-baskets which were hung in stately evenings with long happy chases. How exciting they became!

June, was graduation time. I remember mine so clearly as I do many others.

July, hot but with a holiday celebration and the haying season came. We gathered at the old swimming hole and stayed for hours in the blue waters.

August, now just vanished. At this time gardens more luscious every day, trips, caring for the harvest, thinking of the return to school.

September, the golden disk of the harvest moon and the question, "Will it frost tonight?" The welcome of the County Fair which found us always there.

October, meant foliage tours among leaves of gold and leaves of red, dancing, rustling. Autumn's come where the faraway hill stirs and glimmers in the beautiful autumn glow.

Now what of November? Short days and long nights, heavy coats but Thanksgiving Day with its meaning and home gatherings.

Christmas in December with twinkling lights; a time of loving family and friends, remembering the Holy Family, and memories of those once with us and the joy of new ones.

January, brings blizzards, drifts, zero weather, but out door sports and fun.

February, usually stormy but the 14th there's Cupid with rosebuds and tiny arrows marching toward spring.

Then here comes March again for as always the wheel turns a fast and full circle. Watch it and see!

Mr. and Mrs. Nardi and two daughters of North Paris called on friends here Sunday evening.

Mrs. Joyce Gouin of Norway visited her mother, Helen Grover, Sunday and Monday.

Mrs. Ardell Hayes, Auburn, and Doris Hayes went out together for a lobster dinner on Sunday.

The sons and daughters of Mr. and Mrs. Fred Curtis were at their parents home on Sunday and helped to get and store the wood for winter.

I went with Mr. and Mrs. Carl Brooks and Lula Newell to Freeport and the store of L. L. Bean on Wednesday. It was an interesting day.

Mr. and Mrs. John Betts had their sons and daughter and their families for the holiday week end.

Ann Holt, Bethel, spent the week end with her parents.

Mrs. Jane Scheiffly of Pennsylvania and two children have returned home after a two week visit with her parents, Mr. and Mrs. DiArenzo.

For a dozen years friends and relatives have met on the beach by Vernon Inman's cottage. We gathered again at five o'clock on Sept. 1. Most years the weather has been favorable, but we have seen cold, heat, and sudden showers. Rain occurred just at gathering time this year but lasted only a few minutes.

At this time what can be lovelier than a prospect of this kind than a picnic by the pond?

Of course the main reason for a picnic is food so our slogan was "Eat and be merry" while the sun came and went. Delicate clouds floated in the sky above the water. The voices of the children enjoying their frolic and play could be heard at all times. Everyone was happy and hungry as they heaped their dishes with salads, beans, buns, hot dogs, hamburgers, corn and numerous desserts.

Our host and hostess, Vernon and Miniam, kept everything moving and everyone happy. A "Thank You" to them for a very pleasant evening and to all others who helped.

When the wheel has made the circle we'll gather again.

WEST BETHEL Children's Center

The summer program is winding up a very exciting season at the Center. Tuesday the children enjoyed a gorgeous day swimming at Bethel Inn Beach and watching some talented water skiers. Wednesday they went to Albany to visit Tony Chapman's logging site. They watched a log truck load, and from a safe distance watched the work of the woods crew as they felled trees and brought them out with Tony's skidder. All the children also had the opportunity to climb up into the parked skidder and learn about the machine. A very informative trip. Special thanks to Tony Chapman.

Thursday the children went on a trip to the ocean at Popham State Beach. The sun shone after lunch and the children were able to explore the beach, swim in some ocean pools, and a "taste" of the waves! It was quite an adventure. Thanks to Darnita Yates and Tammy Hanson for their help on this trip.

This week the Center is welcoming new children to its Day Care program. Five year old Travis Laughton and three year old Jeff Laughton of Bethel are now enrolled. Three year old Scott Morse of Bethel is a newcomer this week too. Two girls are now enrolled. They are three year old Anna Cohen of East Andover and four year old Candi Smith of Bethel. The Center welcomes back four year old Macy Blaisdell of West Bethel who has been on vacation with his mother.

Five year old Harmony Mills of West Bethel is this week's charming Star of the Week.

The Center will be closed next week for teacher workshops and Center planning and cleaning. Center will re-open Sept. 17th with 20 new Head Start children and 16 Day Care.

Walking With Jesus Christ

The handiwork of God is ever present—the lakes, streams and forests of Maine are but a small part of it.

The story of "Kiki" found elsewhere in this newspaper is not an unusual event—while spectacular in the eyes of many—the conversion experience of becoming a child of God—as Jesus said in John 3:7—"Manuel not that I said unto thee, ye must be born again"—is a miracle far greater than Kiki's—because—Luke 15:7—"I say unto you that likewise joy shall be in heaven over one sinner that repenteth."

The miracle of a new birth is of God, not of man. Man can present the Gospel of Christ, can lead a person to God—but God only can fill a person's spiritual heart with His Spirit, the Holy

a word called faith . . . a new comprehension of "miracle-power." Today, doctors stare in disbelief at two radically conflicting sets of X rays and graph tracings, stark reminders that an unseen angel in the middle of the night boarded a helicopter for Salt Lake City. And somewhere up in the big Wyoming sky, Kiki came back to life.

Incidentally, she didn't miss a weekend in church. Someone came sporting a T-shirt which, that Sunday, didn't seem at all inappropriate. Embossed across the front was this apt reminder to us all: "IF HE CAN DO IT FOR KIKI, HE CAN DO IT FOR ME."

(From the Aug. 1, 1984, issue of "Herald of Holiness.")

Spirit. No person can "get" to heaven by doing good—as often we hear, "Oh—he is in heaven because he was a good man"—no, no!—Jesus said Luke 18:19—"None is good except one, that is God." And, one cannot get to heaven by trying. It is only by trusting Jesus Christ. While the cross—upon which Jesus died and on which He shed his blood for sinners such as you and me—has great meaning—it can in no way bring a person to Christ. The cross is representative of his whole sufferings from birth to his death—it is not to be made a god or worshipped as such.

All the work leading to a person's salvation has been done—2,000 years ago—when God seeing the loss of the world offered his only begotten Son, Jesus Christ, born of a virgin—lived, then died on the cross, shedding his own precious blood—was raised on the third day to sit at the right hand of God.

On the day of crucifixion there were three—Jesus and two thieves—one scolded Jesus, the other—Luke 23:42 said—"Jesus, Lord, remember me when thou comest into thy kingdom. And Jesus said unto him, Verily I say unto thee, Today shalt thou be with me in paradise." No man made baptism here—Today, following repentance and salvation—people are baptized by, usually—the preacher and elders—in a symbolic act of having their sins washed away—a public confession before people and our Holy God.

No matter who we are we are blind to spiritual truth and unable to save ourselves—John 3:6—"It is when we are born again that our eyes and ears are opened to receive God's richest blessings—even eternal life with Him.

"IF HE CAN DO IT FOR KIKI, HE CAN DO IT FOR ME"

by Jerry Nelson

It was 9 p. m. on a Sunday night in March 1984. Di and I stood with several dozen other anxious parents waving goodbye as a sleek Colorado Charter pulled out of the parking lot at Denver First Church of the Nazarene. Following the bus was a van and a Blazer with sound and lighting equipment, as 68 enthusiastic junior highers and sponsors embarked on a week of ministry that would take them over 2,000 miles to Idaho and back. It wasn't just a lark; under the spirited leadership of Kab Benefield, every one had qualified. Some took the personal evangelization and Scripture exams two and three times to demonstrate qualification to share their faith one-on-one.

The ominous storm warnings that characterize this part of the Rockies could almost be anticipated as the caravan threaded its way north through the blizzard. With the tenacity of a cat, the bus navigated every curve; but suddenly, at about two o'clock in the morning, the Blazer found itself on a short patch of treacherous "black ice." Struggling to maintain control, the driver was helpless and in a flash found himself and three passengers rolling over and over. The vehicle came to rest on its roof.

Among the passengers was Kiki, the six-year-old daughter of Jim and Kathy Smith. Kathy was investing her week to operate sound and lights. As the van pulled up quickly behind them, everyone swiftly, and with a presence of mind that only God can provide for moments like these, tended to the injured . . . except for Kiki. She was not found for 20 minutes, seeming like an eternity. Finally, in desperation, truck drivers up-righted the four-wheeler to find her cold, frail form compressed underneath. The bitter cold itself contributed to a bleak fore-

cast as Kiki show no vital signs. Kab Benefield struggled to give her CPR. After an hour and a half of waiting, an ambulance came and rushed the child to a Wyoming hospital, where it was quickly learned that Kiki had suffered multiple bone fractures, a collapsed lung, a severe skull fracture, internal hemorrhaging, a broken neck, and more. This, combined with prolonged oxygen deprivation, would leave Kiki a vegetable if she ever pulled through.

As state troopers summoned her mother from the bus which was, by now, 100 miles down the highway, flight-for-life beams rushed Kiki by air to Salt Lake City. A band of helpless junior high kids went to their knees in the face of a need unlike anything they had ever experienced. Meanwhile the best of surgeons in Salt Lake City surrounded Kiki with tubes, wires, screens, expertise, and love. All the tests performed in Rock Springs, Wyo., were quickly repeated; X rays, brain scans, blood pressure . . . "But wait . . . something is wrong. There is no sign of a broken arm . . . a broken neck . . . lungs appear normal."

Isn't a miracle an awesome thing? Too often I'm taken by surprise, but always overwhelmed with wonder, when God, in His infinite power, arrests the very laws of nature, time, and space, demonstrating unequivocally who put them there in the first place.

Well, I can hardly imagine the week of ministry that must have followed these events. Along with two deeply grateful parents and a church full of praying people, 67 "believers" got a new grip on

were: Joseph and Gary Marino, sons of the bride. Organist was Marjorie Kimball. The guest book attendant was Brandi Cushman, niece of the groom.

The bride wore a street length silk accoridian pleated dress with a lace bodice top in a soft beige. The bride is the daughter of Mr. and Mrs. Benhart Newerla of New York. The groom is the son of Mr. and Mrs. Laurence Herriek Sr. of North Waterford.

Guests attending were from New York, Florida, Haiti, Somerville, Mass., Albany, Oxford, Winter Harbor, Rumford, Limerick, East Waterford, East Stoneham, South Paris, Greenwood, Waterford and North Waterford, Maine. Most of the out-of-staters stayed at the Olde Rawley Inn, here in town.

The Church Vestry was decorated very prettily with streamers, bells and flowers, for the reception which followed the wedding. A beautiful luncheon was served, and the delicious cake in three tiers was made by Mrs. Christine Kimball of Albany.

The couple is honeymooning along the Maine seacoast, New Hampshire and New York, where they will visit relatives and friends before returning to Hollywood, Penbrook Pines, Florida, where Bud buildings race boats, some of which he races himself,

Safety Tip of the Week:

Fall is a good time to get the wood in. The weather isn't as hot as earlier in the year. Make sure the chain saw is sharpened. Dull saws can cut curved logs and slip out before you are aware of it. Be sure both feet are securely on the ground when cutting. Have a safety route or escape route when felling a tree. It may decide to fall down before you expect it to. Don't cut with one hand, especially when clearing brush, the chain saw may kick back. Wood gathering can be fun in the crisp fall weather. It can also be safe. Take a look around before working in the woods at potential hazards before making a careless accident.

Upton
— Mrs. Arline Bernier, Corres. —

A nursing home cares for about 60 patients and a few need castor oil so X number of cases are purchased with each bottle containing 14 dosages. So the authorities decide to place 14 patients in the program until the cases are used up. Perhaps some of these patients do not need this medication at all, others need only temporary help as the physical or emotional condition which caused the need is corrected. But once on the program, each must stay, perhaps damaging the system more than helping. What would your reaction to this be if it were your parents, or friends — or yourself?

Sounds like Nazi Germany or Communist Russian inhuman treatment doesn't it. Bodily affliction seems a little less cruel than emotional harassment.

S.A.D. 44 has a program which I find unbelievably horrifying and worse than the hypothetical castor oil deal and that is placing 14 children in a special kindergarten class from which there is no escape. Some need it for a short time—others may benefit for a full year, but some will be there only because the program needs 14 participants!

My parents had a country store and an oft used phrase was — "That's near enough." That was when a dime bought a quart of rich milk, a package of cigarettes, or a large candy bar or ice cream cone. Yet we often knocked off the small change on a purchase. This trend faded and now one expects to pay every penny even if the order is \$50.01. I was quite surprised recently when I made a small purchase in the IGA in Bethel and needed some change and rather than cash a bill, looked in my pocket for this change. As I'd taken it from one pocket and put it another, it took a minute to locate it and the bag boy gave the clerk a coin saying "This will cover it." At that instant I found my change so we quickly adjusted the matter, but I was too surprised to really appreciate this until we were enroute home. There was no reason for this gesture except the young man has that elusive quality known as the American spirit. It was not closing time, nor a rush hour, nor am I disabled or have charm which would elicit this behavior. I have no idea who this chivalrous young gentleman is, but his attitude deserves a little publicity to encourage him and other teenagers. Thank you, sir.

The annual meeting of the Upton Union Church was held Saturday evening. Due to the small attendance, all business was deferred to a later date—tentatively Sept. 11. Please check with an officer if you wish to attend to make sure this date is not changed.

Lots of camp owners spent the long holiday week end in town. The weather was not the best as it was overcast with intermittent rain much of the time.

Several residents entertained during the week end and several yards resembled an Auto Sales parking area.

BETHEL DEMOCRATIC COM. MET AUGUST 30

The Bethel Democratic Committee met on Thursday, Aug. 30, at the home of Rep. Jeff Mills on Vernon Street. Town chairman Paul McGuire conducted the meeting which consisted of committee reports. Cathy Newell reported on the recent supper held in early August at the Congregational Church.

Plans were made for a yard sale to be held on Sept. 29 with a rain date of Sept. 30. Those who have items to donate should contact Sue Farrar, Emily Saudners or Mary Keniston.

Rep. Mills reported on the progress of his campaign to date and outlined plans for the fall.

OPPORTUNITIES FOR PRESCHOOL CHILDREN TO SERVE S.A.D. #44 AREA

This fall Opportunities for preschool children will begin identifying and serving S.A.D. 44 area children, birth to age five. Opportunities is funded by the State of Maine and is one of 16 preschool coordination sites in the state. For the past two years, preschool children in the Norway, Buckfield, Bridgton, and Fryeburg areas (S.A.D. 17, 39, 61, 72) have been helped through Opportunities. This project has now expanded to include the Bethel area.

Opportunities seeks to identify and serve preschool-aged children who have a delay in speech and language skills, motor control, school readiness, or social and emotional skills. The project also seeks to identify and serve children with medical problems, such as hearing and vision problems, that can cause delays in other skills.

Opportunities provides or locates screening and evaluation services, therapy services, and center-based programs, such as nursery schools. Families who qualify financially can receive assistance from Opportunities to pay for these services.

Opportunities will assist families with public school entry, requesting PIET (Pupil Evaluation Team) meetings, and requesting appropriate services for the kindergarten child.

Referrals to Opportunities can be made by parents, medical, or social services staff calling the project for an initial interview and screening for a child. Screening and coordination services for families are free.

Opportunities office is located in Norway; call 743-9701. Sue-Ellen Myers, Coordinator, for help and information.

HOSPITAL LUNCHEON SEPT. 11 AT MEXICO CHURCH

There will be a Rumford Community Hospital Membership Luncheon on Tuesday, Sept. 11, 1984, at 1 p. m. at the Mexico Congregational Church.

Auxiliary members are asked to bring a guest, and all interested area residents are invited to attend.

Sent in by Viva Whitman:

Getting cooler and cooler each morning, just to let us know what is in store for us before long. Buses started rolling on Tuesday morning, so hope everyone will watch for the children waiting for the buses.

Started the week out by putting up corn for the freezer and canning some of the beets. There will be more, but other things are coming along too. It seems as though everything gets ready all at once and it is hard to know which to take care of first. Russell had gotten the back steps done so we got them stained on Monday.

I'm still having trouble with my head, but guess that's natural. Only trouble is that this time it is worse. Good old sinusitis are acting out in good shape and was waiting Monday for a call from an ear, nose and throat specialist whom I had gone to see. It always takes a long time to hear from them.

Russell had picked some zucchinis, so on Tuesday morning, I started getting it ready to make some zucchini, carrot bread and to freeze the rest for the winter. Only had four packages to freeze on Tuesday, but Wednesday I froze more of it, so we can have zucchini bread whenever we want it this winter. It is as good as any cake and one can add many different things to it to make it real good. I added raisins to the bread I made on Tuesday and it was very good and the raisins help keep the bread moist.

Russell worked on his flower garden Tuesday, tying up the dahlias and taking out some of them. Some creatures have been at the garden and the dahlias haven't blossomed as they usually do and the leaves don't look good. He got some poison to spray the flowers with, so hope it will help. He usually has such beautiful dahlias that it is discouraging to see them in such shape this year. The climbing beans haven't done well either. Of course the soil is different, but something has been at them and they are poor looking specimens for Russell to have. He takes such good care of his gardens.

We went up to the garden after supper to pick beans and then went to see how things were coming on Al and Pat's new home. While there, Elsie and Mack McLaughlin came with their son and wife to look at it too. They have been neighbors and friends for years to Lawrence and Grace; their kids grew up together, it it was just natural for them to want to see the new home Alvin and Pat are having made. It is going to be a real nice one when done, and the spectacular view makes it that more appealing.

We had just gotten home as a car turned into our driveway and were glad to see Hazel Abbott and Jeanne Davis get out of the car. I haven't been able to get to Bridgton to see her and she has gotten here twice. We were very glad to see them both and hope they come again some day.

Wednesday morning, Russell went one way and I another. He went to meet Peggy and get some things straightened out at her place and I went to get my hair chopped off. It looks like I met up with a lawn mower as Bev gave me a new style where I can't keep my arms up to put curlers in my hair now.

Had a real early appointment on Thursday morning at North Bridge.

GILEAD CHILDREN ENJOY PICNIC

The children of Gilead were guests at a picnic, sponsored by the Gilead Women's Club, on Monday, Aug. 27. Approximately 80 gathered at the picnic area, enjoyed games and a lunch, featuring hot dogs, cookies and watermelon.

ton, so got going in good season. Didn't do much else that day as I felt lousy and guess Russell did too. He didn't do much until late in the afternoon when he started tearing down the front steps. That is a start toward getting new ones built and the front closed in.

Friday was wash day for us and groceries also. My head felt so bad that I got an appointment in Harrison and as Wynona was coming up for a while I got her to drive me over. Russell wasn't feeling quite up to par. Wouldn't you know something would happen and it did. As we were coming up Elm Hill on the way home, the muffler let go on the car, so had to take it easy the rest of the way home. I was saving to get tire for the car, but guess it will take longer now as what I have will have to go to get the muffler fixed. Anyway, hope the new medicine the doctor gave me will help clear up my troubles. If it don't, I thing I'll go crazy with the headaches I am having.

This is Saturday morning and it is a cool one. Sun seems to be shining so it will probably warm up some later. Got to try to make some apple sauce today as we got some new apples yesterday. Haven't had any for a while so it should taste good.

Next Saturday night will be a regular meeting for Bear River Grange with the usual supper at 6:30 (pot-luck).

On Sept. 22, we will be having installation of officers, so hope all newly elected will be there to be installed in their office. Chester Hayes will be installing officer and he always does a good job of it.

Not much more to say only that the yearly reports of the committees should be ready to be given this next meeting, Sept. 8. We will then be ready to start a new year and know where we stand moneywise as we start the new Grange year.

I wish everyone luck on their harvesting this year and hope they all have a bountiful crop to help them through the winter. It will be here before we are ready as always.

HIGH SCHOOL DIPLOMA CLASS STARTS SEPT. 17 AT ADULT ED.

The S.A.D. 44 Adult & Community Education program will begin fall class for adults who seek a high school diploma, or to prepare for the GED, or high school equivalency exam, starting during the week of Sept. 17. In 1984 25 adults completed their high school credential through the S.A.D. 44 programs, and Adult and Community Education Director Cathy Newell is actively seeking new students for the current year.

The Adult High School program is open to anyone who is not enrolled in secondary school. Credit is given for successful high school work already completed, as well as for courses taken out-of-school such as Advanced First Aid or EMT. Adults in the program are able to add to their credits by taking evening courses which run for 15 weeks, meeting three hours one evening per week. This fall Nancy Fox will teach English on Monday night, starting Sept. 24. Miss Fox, who taught last year for the Adult Education program, and who is a faculty member at Telstar, will offer a course which will cover basic writing and grammar brush-up, as well as literature. New to the Adult Education program this fall are Michael Gilbert and Pat Morey. Mr. Gilbert will teach U. S. History, with the first semester covering Pre-history to 1898. He is on the faculty at Telstar, and will also be teaching a general interest class in the History of Rock Music. U. S. History will meet on Wednesday nights, starting Sept. 19. Mrs. Morey will teach Refresher Math on Thursday nights. Her course will offer individual work in basic mathematical skills, as well as consumer math topics relating to money management and mathematical applications used in everyday living. She lives on Bird Hill in Bethel.

Miss Ann Holt returns to the S.A.D. 44 program as Adult Learning Center Supervisor. The Center is open on Tuesday nights and allows individuals who would like remedial work in English or Math, or who wish to prepare for the GED tests to have individual in-

NOTES FROM THE WOODSTOCK HISTORICAL SOC.

Thought for the week: "History is God working in Time."

If one wants a religious perspective on history this quote provides one. We think of God as infinite, but He is knowable in the time-bound confines of history. Also, man is a creator made in His image supposedly. All man has done in history can thereby be seen as a reflection of God working. Naturally one would not attribute the evils in history to God but to man's fallen nature. Nevertheless, there is much good to be studied in history: man's creativity in art, architecture, literature, and science. Do not misunderstand us—we are not campaigning solely for this view of history. Historical societies are temporal, non-sectarian organizations without any political bent, but let us not neglect the religious component in history which this quote illustrates. Religion has, after all, affected man throughout the ages. So let us study it as we would any aspect of the past.

This Saturday's meeting of the Woodstock Historical Society will take place at 7 p. m. at the Woodstock Museum.

Safety Tip

If you witness an accident or are the first one to arrive at the scene what should you do?

If a car has not exploded on impact or within 90 seconds after impact it probably will not. No one should smoke anywhere near an accident. It is quite possible that gasoline has been spilled.

In most accidents there is no fire and the people should be left in the car in the position they are in unless they are having difficulty breathing or severely bleeding.

BLUE MOUNTAINS ARTS & CRAFTS FESTIVAL SEPT. 29-30 AT SUNDAY RIVER SKI RESORT

This fall Sunday River Ski Resort, nestled in the picturesque Blue Mountains of Maine, is hosting a festival celebrating area folk arts. The festival is the first of its kind in Western Maine. On the week end of Sept. 29 and 30, rain or shine, more than 30 craftspeople from the Bethel area will display and sell their handi-crafts at the South Ridge Base Lodge. Crafts will include such items as handcrafted jewelry, woodworking, handknit sweaters, chocolate carving, and handmade quilts.

Festival organizer, Paula Berry, explained that the event is limited to local artisans, but plans are already underway to expand the event to include craftspeople from a larger area next year. The festival will be an annual event scheduled for the last week end in September to be complimented by the magnificent foliage.

An area radio station will be broadcasting live on both Saturday and Sunday. The Bethel Chamber of Commerce will have a booth providing information for local fall foliage auto tours. Plans also include a country music festival on Sunday to accent the local arts and crafts. Many Bethel area inns, lodges, and restaurants are offering special foliage rates to festival attendees. The festival is open free of charge to the public and plenty of refreshments will be available.

GROUP FOR OVER-EATERS STARTING IN OCTOBER

A group for over-eaters will begin at the Bethel Area Health Center in October. The group can be helpful to those people who identify themselves as over-eaters and want a supportive group to help them in changing their eating habits.

The group will not focus on diet plans or weight-loss techniques. Over-eating will be looked at as an unsuccessful way of managing feelings and problems. Eating patterns will be examined to see their relationship to the personal patterns of coping, solving problems and relating to others.

The group will meet on Mondays for one and one-half or two hours, depending on the number of members. It will run for 12 weeks.

The group facilitator will be Becky Hardy, MSW, a therapist, who is also licensed as a Registered Substance Abuse Counselor.

For further information about the group, you may see Becky Hardy at the Bethel Area Health Center on Mondays between 4-5 p.m. A message may also be left at the Health Center, 824-2193, for her to call you.

office at 864-3764. Registration fees can be paid at the NOVA Office or will be collected the first night of the class.

Residents of the Bethel area, interested in the Boiler Operators course may register at the Adult and Community Education office at Telstar Regional High School.
